This weekly bulletin informs students, parents, and staff about internships, academic programs, jobs, community service options, and leadership initiatives, along with other student opportunities in a variety of fields. Please carefully note deadlines, age requirements, and other pre-requisites for participation.

Some program deadlines are fast approaching – please do not miss them!

For ease of use, these newsletters are organized by different categories, such as Academic Programs, Business Internships & Jobs, STEM Opportunities, Community Service, and so on.

Questions, suggestions, and information about other opportunities are always welcome and appreciated, and may be sent to Internship/Opportunity Coordinator Harvey Blumm at: hblumm@stuy.edu - we will share your helpful information with the Stuy community!

Working Papers: Some summer jobs, internships, and programs do require students 14-17 years old to obtain working papers (official name: employment certificates). The necessary application form may be obtained from Mr. Myles Sebastien (who can explain the procedure and answer any questions) in the Stuyvesant Guidance Office (Room 236) between 8:00am – 3:30pm. Check the BUSINESS category for a link with more information.

There are many excellent opportunities in this issue - including several highlighted below.

BUSINESS/CAREERS: The **NYC Summer Youth Employment Program (SYEP)** application is now live! This program is open to all high school students 14 and older, and provides paid working experience over the summer. **All** students should consider applying, in case other opportunities do not work out.

COMMUNITY SERVICE: There are numerous new options listed in this section, ranging from volunteering on Governors Island to helping youngsters learn how to ride a bike!

COLLEGE PREP: The **First Tech Fellowship** program for lower-income 10th and 11th graders provides college admissions and career planning support, beginning next

September throughout the academic year; there are two upcoming virtual **Information Sessions** on 2/7 and 2/13.

LEADERSHIP/LAW/GOVERNMENT: **Columbia University's Freedom & Citizenship** program (for lower-income juniors) includes a four-week summer component, senior year college admissions support, and more. **Camp Rising Sun** (for students 15-16 years old) is an excellent free in-person camp leadership experience; its' sister **Ethical Leadership Experience** is a virtual summer option (for those 15-18 years old) at minimal cost. And a variety of law-focused summer options are available- several deadlines are fast-approaching!

MUSEUMS/ART: **Arts Connection** offers a variety of free and low-cost in-person & virtual programs for all students –check this section to learn more about their spring and summer options. The **Studio Institute's Teen Apprentice** program (for those 16 and older) is a part-time spring term program that leads to a paid art instruction job. The **Metropolitan Museum Summer Teen Internship** application is now online – interested 10th and 11th graders may apply. And the free **Summer Arts Institute** in Long Island City offers a wide variety of art and performance options – apply by February 11th!

PARKS/NATURE: The **Discovery Guide internship program** for spring and summer at various zoos and the Aquarium is open to all students – the application deadline is February 7th!

STEM: Current juniors may now apply to The **MIT Beaver Works Summer Institute** (some spots may be available for younger students). Participants must register for required virtual self-paced spring term Tech/Programming courses, and

may also apply for the summer program (either in-person or virtual). **Kode with Klossy** is a free two-day (2/23-2/24) in-person coding program for female & gender-expansive students 13 and older; spots are limited!

Girls who Code welcomes applications for their two free virtual summer coding programs – the early application deadline is February 14th. And the **Center for Disease Control’s Disease Detectives** free one-week in-person program in Atlanta focuses on public health & Data Science – students must arrange their own transportation & housing.

center that provides free, high-quality virtual tutoring opportunities to our students via strategic partnerships that include Stuyvesant High School.

PISTE Afterschool Tutoring - We are in need of Tutors to support our afterschool tutoring program focused on academic support, advanced learning, and standardized test prep (State Exams, Independent School and Specialized High School Exams). Our tutoring sessions happen Monday-Friday. We can also accommodate weekend availability if a Tutee and Tutor can find time that works. Sessions are virtual (via our own PISTE Virtual Meeting Room). Each PISTE tutor is matched with a PISTE Tutee they meet with for 1 full hour per session, 2 times per week.

Your efforts will support improved academic and standardized testing performance for students who would not otherwise be able to receive tutoring support. You can help 1st –through 9th graders achieve their potential!

Massachusetts Institute of Technology Student Programs

MIT is offering two free programs for current high school juniors:

1. MITES Semester

“Join MITES Semester (formerly MOSTEC) for a six-month, hybrid learning STEM and college preparation experience. Become part of an inspiring community of intelligent, motivated, like-minded peers—while building the skills and confidence you need for success. Running June through December, this national program will take you through engaging, rigorous online courses and weekly virtual webinars, social events, workshops, and meetings with peers in the fall. You’ll also benefit from college admissions counseling and learn and network with STEM professionals.”

Eligible: Current juniors (underrepresented groups are strongly encouraged)

Deadline Extended: Future Engineers Power to Explore Challenge

“Your challenge is learn about nuclear ‘batteries’ that power space exploration and dream up a new space mission. Your task is to plan a mission that uses Radioisotope Power Systems (RPS) to explore a location with limited light. RPS enables exploration to the deepest, darkest, and dustiest places, and NASA wants to hear where you would go, what you would explore, and how you would use this special power to achieve mission success.

Fifteen national semifinalists in each grade category (45 semifinalists total) will receive a NASA RPS Prize Pack. Three national finalists in each grade category (9 finalists total) will receive an exclusive virtual session with a NASA RPS expert. One grand prize winner from each grade category (3 grand prize winners in total) will

receive a trip for two to NASA's Glenn Research Center in Cleveland, Ohio, to learn about the people and technologies that power NASA missions.”

Eligible: All students

New Application Deadline: **February 9**

Deadline Approaching: Inspirit AI Scholars Sessions

“AI Scholars Live Online is a 10-session (25-hour) program that exposes high school students to fundamental AI concepts and guides them to build a mentor-led socially impactful AI project. Students will explore applications, create foundational AI concepts, and develop AI programming skills before developing a Social Good project. The program also includes college and career preparation workshops, to prepare for top-ranked CS/AI programs and pursue ventures or careers in AI. After the program, students gain access to an online platform for continuous learning, including additional projects in a variety of domains. No programming or computer science experience is required. Advanced cohorts are available for students with prior programming experience.”

STEM Center SHINE Engineering Summer Programs

“USC Viterbi School of Engineering’s Summer High School Intensive in Next-Generation Engineering (SHINE) offers students the chance to join a USC Viterbi research team for seven weeks to discover how engineering addresses our real-world problems in various fields, including biomedicine, robotics, aerospace, and more. Each student works with an assigned professor and a mentor dedicated to training them in experimental lab work or computational research. Each student works on authentic, immersive lab projects within their choice of innovative research.”
Students will need one letter of recommendation.

Eligible: Current freshmen, sophomores, and juniors

Dates: June 10 – July 26

Location: University of Southern California campus

Cost: Various (Application fee waivers available)

Icahn School of Medicine High School Summer Program

"At the Icahn Center for Excellence in Youth Education (CEYE), we help more than 200 students each year from grade seven through college prepare for careers in science and health care. As a unit of Mount Sinai Health System's Office for Diversity and Inclusion, CEYE operates a range of school-year and summer programs geared to youth belonging to groups that are low-income or underrepresented in medicine."

1 - Introduction to Bioinformatics Course is a course designed to teach high school students the basic concepts of cellular and molecular biology, genomic science, and computer programming.

2 - Medical and Scientific Exploration is an online course designed to guide students through different laboratories or clinical departments within the Mount Sinai Health System through the real world application of scientific concepts.

3 - The Internship Placement Programs are programs designed to expose rising seniors to various careers in the scientific and medical field. **The Hospital Placement Program** gives students exposure to health careers while enhancing their basic science knowledge and research skills. **The Veterinary Sciences Program** is designed to expose students to the veterinary sciences in a biomedical research environment.

The DR MMEN is a program designed to promote career advancement in the medical field for underrepresented communities.

Eligible: All students who identify as an underrepresented minority (African American, Latino, Native American, or Alaskan American) **or** meet low-income economic criteria.

For the DR MMEN program you must identify as an African American or Latino male and be a current junior.

Dates: July 1 – August 9

Location: Mostly virtual (Introduction to Bioinformatics & Medical and Scientific Exploration); In-person (All Internship Placement Programs)

Cost: Free

If you are selected for or enroll in any of the above opportunities, please inform Mr. Blumm ASAP at: hblumm@stuy.edu

Whichever extra-curricular program, internship, or community service activity a student may participate in, they should be sure to ask their supervisor/coordinator to write a letter of appreciation before it concludes – it is sometimes very difficult to obtain this later on. And the more personal & detailed the letter, the better. A copy should then be submitted to your counselor.

Please feel free to contact Harvey Blumm at hblumm@stuy.edu with any questions or feedback on any items in this message, or with any suggestions or concerns you may have. **And always feel free to share any information about opportunities that may be of interest to our parents, teachers, or students.**
