Spring Term 2024 AIS schedule

The Spring term is in full swing and AIS (Academic Intervention Services) are available to any student who wishes to get help from a Stuyvesant teacher after school. [See the schedule at this link](#). Students do not need to be enrolled in the course with the teacher teaching AIS to attend. They are all welcome!

Fill out your 2024 NYC School Survey

Parents and guardians received detailed instructions via email. Students will fill out their survey in Homeroom on March 5. Staff members will also fill out a survey during faculty conferences in March.

Every year, The Department of Education asks all families of students in grades 3-K through 12, to take the NYC School Survey. The survey gives school leaders a better understanding of what members of their school community think about their school. The information collected by the survey is designed to support a dialogue among all members of the school community about how to make the school a better place to learn.

The deadline to submit the 2024 NYC School Survey is April 5, 2024

Families can access the 2023 NYC School Survey [online](https://nycschoolssurvey.org) in 10 languages at nycschoolssurvey.org or by logging into their [NYC Schools Account \(NYCS\)](#) Parents **must** enter a "f" in front of the student ID number to access parent/guardian questions. One survey for every child attending Stuyvesant will be filled out.

Please note: There is one parent survey per student. Once one parent/guardian fills out the survey; the other parent(s) cannot use the code again. This is not in the control of Stuyvesant. The DOE provides one parent survey per student. We suggest you coordinate your responses.

Your participation is deeply appreciated. Thank you for sharing your feedback!

Notice to Juniors: School Day SAT 2024

Juniors (Class of 2025)

We will administer the in school digital SAT to all Juniors on two separate dates in March and April. With the transition to a digital version for the SAT, we can only test half of the cohort per test date to ensure we have adequate hardware, bandwidth, and personnel for a successful administration.

The two administration dates are below:

- **March 22, 2024: 9:00 AM - 12:00 PM**
- **April 19, 2024: 9:00 AM - 12:00 PM**

We will send you weekly notifications as we solidify details of your assigned test date and the necessary resources you will need on test day.

Stuyvesant will automatically register all Juniors to take the exam and there is no cost to students/families for this in school SAT administration. Please *note*, students are not required to take the exam, and no notification is necessary to the school if you decide to *not* take the exam during this in school administration.

In preparation for the digital version of the SAT, we recommend that you familiarize yourself with what to expect and to practice this new version of the exam. We recommend you read the [Spring 2024 SAT School Day Student Guide](#) and visit the College Board site for more information about the SAT. Stuyvesant has provided you with SAT prep software to support your preparation at PrepScholar. Spring 2024 AP Exam Registration ends on 3/8/2024

The College Board Advanced Placement (AP) exams will be administered in **May 2024** as indicated on the [Stuyvesant High School AP Exam Schedule](#). Please review the information below to determine if/what action steps you may need to take.

Regular Fall Registration for AP Exams ended in November 2023 for full year AP courses and Fall Term only AP courses.

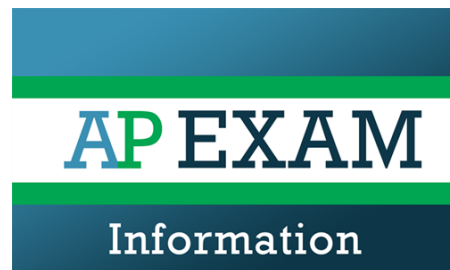

Stuyvesant High School's final deadline (**no exceptions**) to complete registration for all AP examinations is **Friday, March 8, 2024**. Please review the following to determine if the situation applies to you:

- **Spring 2024 – Single Term (One Semester) Classes**
- Only applies to students who are currently enrolled in Spring Term 2024 single term AP classes – AP Gov't & Politics (Spring Term Only), AP Physics 2, AP Physics C E&M, AP Comparative Gov't, and AP Microeconomics can register for the corresponding exams at [My AP](#) by obtaining the College Board Join Code from their AP teacher.
- Deadline is **March 8, 2024**
- **AP Exam Late Registration**
- Only applies to students who want to register for an AP examination *corresponding to a full year* AP course or (Fall Term only AP course).
- Students must complete the [AP Exam Late Registration Form](#)
- The fee for late registration is **\$40** (this fee applies to *all students*) in addition to the \$98 Exam fee (unless qualified for no-fee AP exams for economic hardship).

Deadline is **Friday, March 8, 2024**.

AP Exam Deregistration

Students who have already registered for an AP examination, but have decided to NOT take the exam, should deregister. The fee for canceling an exam a student registered for in November 2022 is \$40 per exam. This applies even to students qualifying for or no-fee AP exams for economic hardship. Complete the [AP Exam Deregistration Form](#) to deregister from an exam. After you deregister, the Stuyvesant AP Coordinator will finalize the deregistration process. Please note, if you submit payment for an AP exam and decide to

deregister or do not take the AP exam, then refunds for the cost of the exam (excluding \$40 fee) will be issued.

AP Exams Payment

- Families are to make payment through the [Advanced Placement Examination Payment Portal](#). A third party (Stripe.com) and not Stuyvesant High School is collecting the AP Exam fees. Payment for AP exams will not be accepted at school. **Payments must be made by Friday, March 8, 2024.** Each AP exam costs \$98 plus a credit card service fee. The late registration fee is \$40 plus a credit card service fee.

Please note the Fee Status at the top of this letter. This indicates whether you are a student who, after qualifying for economic hardship, will have exam costs covered by the NYC Department of Education (NYC DOE). If your letter indicates that [Family Income Inquiry Form](#) was submitted for the 2022-2023 school year, you may apply for hardship support by submitting the form **by Friday, February 23, 2024**, which allows time for your forms to process before the payment deadline. The school will update the student MYAP account with Fee Status information.

SENIORS: Order the 2024 Indicator Yearbook!

Class of 2024 Yearbook sales have begun! Please note that only seniors are photographed and highlighted in this book.

We encourage the class of 2024 to purchase a yearbook using the link from Herff Jones at [THIS LINK](#).

The cost of the book is \$75.

This past weekend, some class of 2024 seniors and/or their families received an email from Herff Jones, the publisher of the yearbook, offering them the opportunity to purchase a yearbook. Through a miscommunication on the part of the company, the appearance was that this email was from

Stuyvesant High School. While the email was not from the school, it was legitimate and they obtained those email addresses from sales of yearbook ads. The link in the email is also legitimate. There were no phishing or scam links associated with that email. If you purchased a yearbook through that link; it was a legitimate purchase of a Stuyvesant Class of 2024 yearbook. If you received that email, you will also receive an email from Herff Jones today clarifying this information.

There is no February 1 deadline to purchase a yearbook. We will advise you of a deadline soon. If there is financial hardship, please reach out directly to Ms. Ingram at ringram3@schools.nyc.gov to discuss.

FEATURED NEWS & CELEBRATIONS FROM VARIOUS DEPARTMENTS

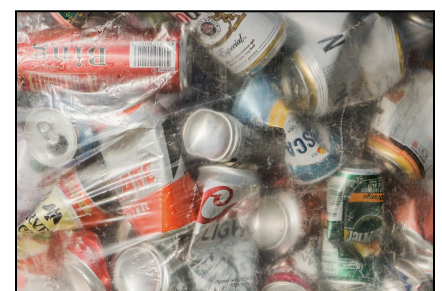

Congrats Xueming Li, finalist in JSHS 2024!

Congratulations to the 12 semi-finalists who competed in the Junior Science and Humanities Symposium last weekend. Student **Xueming Li** has advanced to the **final round** of the competition. Congratulations to their teachers Mr. Jason Econome and Dr. Ming-Peng Tu as well!

Congrats to Senior, Andrew Li; published in the NYT!

Ms. Annie Thoms shares congratulations to senior Andrew Li who published a guest essay/op-ed in the New York Times in the next week! The essay is about his experiences with his grandfather, who for many years made extra money as a canner, picking up and recycling bottles and cans in order to support his family. It's a thoughtful, moving piece about the dignity of the work, and the importance of increasing the bottle deposit.

Andrew wrote the first version of this essay in Ms. Thoms' Writing to Make Change class last semester, and she encouraged him to revise and pitch it to Susannah Meadows at the NYT, who had come to speak to her classes the year before. Meadows loved it, and went back and forth with Andrew with edits, then accepted it! His work and thinking on this issue, which is personal to his family, was also developed through the class' field trip last semester to the art exhibit of Siyan Wong, Stuy '93, which focused on the lives of Chinese American canners.

The essay is now on the NYT homepage for Sunday, 2/18, and in the print edition this past Sunday. Read it here:

ADVICE! Pocket Guide on questions for engaging colleges

The link below will take you to a short guide (literally, a pocket guide) published by the National Survey for Student Engagement. The purpose of the guide is to help students to ask thoughtful questions of admissions staff, tour guides, or, best of all, random students who currently attend the institution.

The questions within tend to provoke deeper conversations about a particular institution as opposed to questions about average SAT scores or most popular majors, which are readily answered by briefly reviewing college publications or websites. Some of our

students have found it helpful in the past, so we thought we'd share with you all as you embark upon your own college search process.

Eco-Fact of the Week from Stuy's Environmental Club

Every species plays a crucial role in the health and survival of the ecosystem. Beavers are called a keystone species, because they help us fight climate change. They can keep our ecosystems healthy and help manage water-related issues: they create wetland habitats for other species; increase biodiversity; improve water quality, store water during droughts, and minimize flood risk. Once nearly hunted to extinction, beaver populations have reached stable levels but are still only a fraction of what they once were. It's important to protect these crucial critters. **Help to preserve our resources and properly sort your trash**

- If the student never filed either the CSS or FAFSA because they are not a citizen or legal permanent resident, they should be sure to state it's because they are not a citizen or legal permanent resident in

the "Financial aid information" question on the application. All information submitted by the students in their application is kept to the strictest confidentiality. All of the staff and any scholarship committee members, as well as any other additional parties who read the scholarship applications, must sign and adhere to a confidentiality agreement.

- Students must provide the financial information listed in the checklist in some form, even if they submit a one-page doc with all of it listed out.
