Parent/Guardian Survey

Parent SSR Survey - **11th** Grade Parent/Guardian

    This is not meant to be stressful! We urge you to respond as you would if you were having a spoken conversation. This is one of many tools counselors use to better understand your student. Note: **this Survey will not have a 'submit' button** because we leave it open to allow you to edit. Staff can still see the answers.

Self Discovery

Parents/Guardians cannot and should not complete these assessments for their student

Career Exploration

As a parent/guardian you can research careers, but only the student can 'heart' them

Wages

Knowing how much an occupation is valued on the market is key to making a decision about what occupation fits your lifestyle. You also need to know the market value of your experience when you apply for jobs. Wages vary across states and cities in the United States. The cost of living also varies. Make sure you know the cost of living for where you want to live when reflecting on a career's salary or wage.
